

Virtual Proctor Validation of OTC Rapid Antigen Tests

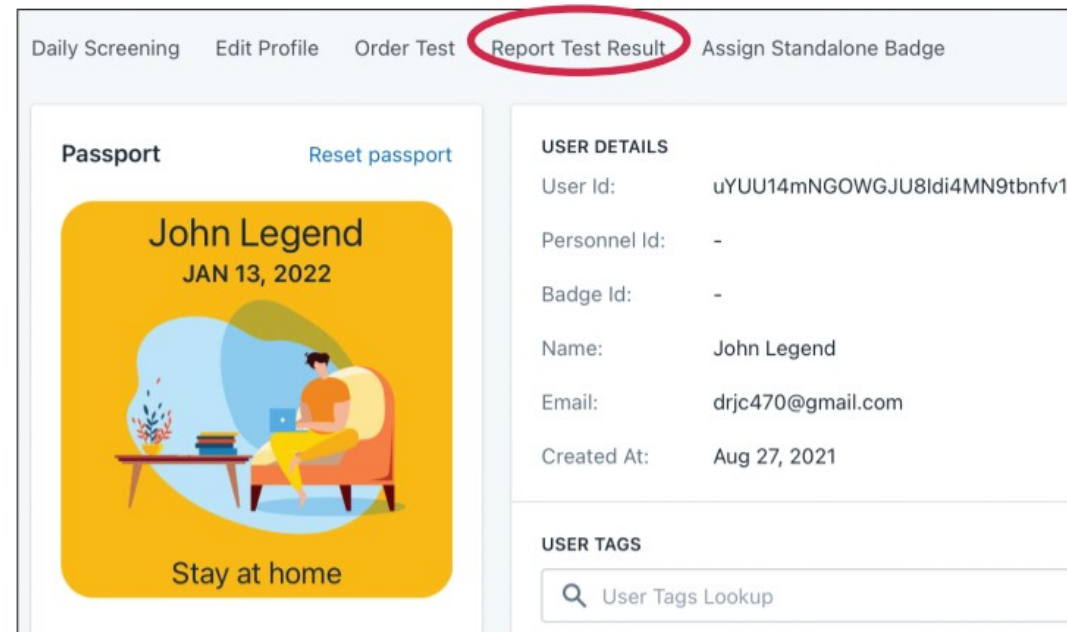

User Instructions for Care360 website on Desktop Devices

The login page features the Care360 logo at the top left. Below it, a 'Please login' section contains an email input field and two buttons: 'Continue' (in red) and 'Use Phone Number'. At the bottom, there is a link to the 'Help Desk' and a disclaimer about the CareValidate Platform.

Step 1

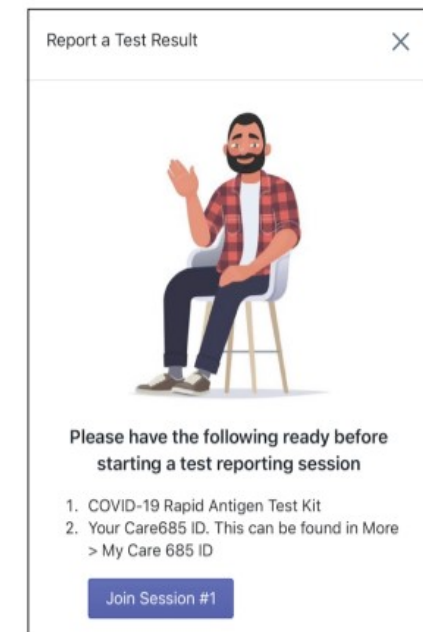

Go to care360.carevalidate.com and login per the instructions received in the welcome email.

The dashboard has a top navigation bar with links: 'Daily Screening', 'Edit Profile', 'Order Test', 'Report Test Result' (circled in red), and 'Assign Standalone Badge'. The main content area is split into two columns. The left column shows a 'Passport' for 'John Legend' dated 'JAN 13, 2022' with a 'Reset passport' link and an illustration of a person staying at home. The right column displays 'USER DETAILS' (User Id, Personnel Id, Badge Id, Name, Email, Created At) and 'USER TAGS' with a search bar.

Step 2

Click Report a Test Result.

This modal window shows an illustration of a man sitting on a stool. Below it, text instructs the user to have a COVID-19 Rapid Antigen Test Kit and their Care685 ID ready. A 'Join Session #1' button is at the bottom.

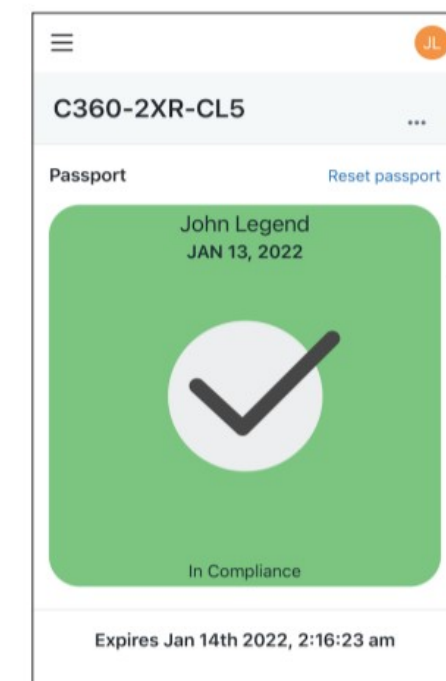

Step 3

Click Join Session #1.

Step 4

Join the live virtual session and perform the rapid test per instructions from the proctor. A session usually lasts 10-15 minutes.

The passport is now green and displays a large checkmark. It shows the user's name 'John Legend' and the date 'JAN 13, 2022'. At the bottom, it says 'In Compliance' and 'Expires Jan 14th 2022, 2:16:23 am'.

Step 5

Upon completion of a successful proctoring session the Care360 Passport will turn green for 7 days.
